CSCE 3701 · TEAM CLOSET · MILESTONE 2 FINAL · BUILD V1.5

Demo script

Presenter: Salma. 5–6 minutes. Start state: `npm run seed`, server restarted with `WEATHER_MODE=estimate`, `npm run demo:check` passed, signed in as demo@closet.app on Home. Backups: `Closet_Demo.html` (same services and rules, offline) and the embedded recording (3:43).

#	Click	You should see	Say
1	Home	Today's look, 30 °C estimate, Closet noticed (≤ 2 notices), Still love it? denim jacket · 104 days	*"This is Closet on a normal Wednesday. It already noticed two things for us."*
2	Closet → Navy blazer → In laundry	Badge Laundry; basket shows 4 pieces	*"One status per piece — and it travels everywhere."*
3	Laundry → Wash done	"Available again.", basket empty	*"One tap and everything is clean."*
4	Style me → University → Generate 3 looks	Campus Stripes · Clean Oxford · Relaxed Midi; any two share ≤ 1 major garment	*"Three looks — three different directions, not the same outfit with other shoes."*
5	Click the top of LOOK 01	Tray: Blue Oxford 99 % · Sage linen 99 % · Red cropped tee 90 %	*"Only that piece changes; the score moves with it."*
6	Try on → avatar or consenting photo → next → Favourite	"Virtual Try-On Preview" label; one saved record	*"A simulated preview on your photo — it never leaves the browser."*
7	Home → Still love it? → Style it	3 looks, every one with the denim jacket	*"A forgotten piece, styled three ways."*
8	Closet → Denim jacket → donate it → Donate → Mark as donated	Ready to donate first; then gone, history kept, nothing added to the bag	*"Or pass it on. No replacement is suggested — that is the point."*
9	Mix & Match → Work → suggested look → Red cropped tee → Suggest a fix	98 % → 82 % → 98 %	*"It tells you why, and fixes one piece."*
10	Closet → Silk scarf → Remove → Torn / damaged	Shopping bag: Silk scarf · Replacement	*"Why it leaves decides what happens next."*
11	Ask Closet: beige trousers → Add this → Is my blazer clean? → Who has my rose wrap dress?	"You already own 2 similar…"; Added by Ask Closet; "Available"; "with Nour for 12 days"	*"Questions read your real wardrobe — and never change it."*
12	Planner → weather alert → Adjust outfit	24 °C → 30 °C; only the blazer changes	*"Planned yesterday, warned today."*
13	Analytics → Closet has learned → flip → Confirm → Undo	Cards closed; Confirm saves; Undo restores	*"Nothing changes until you confirm."*
14	Home	28 pieces; every change stored	*"Back home — everything we did is still here."*

If something goes wrong

- 429 or server down: restart the server, sign in again (10 seconds).
- Anything else: switch to the offline demo tab — same flow, same values — or back to PowerPoint → Backup recording.
- Never improvise numbers: everything on screen is real data from the seed.
